

## MIS 455 Midterm (Second Part – JS)

Now, achieve the following:

1. Clicking on the “Get Started” button will take you to a new webpage – page2.html  
\*\*hint: google **onclick location.href** for redirection hints.
2. page2.html should have a **similar color / style theme** as like your inde.html / homepage.
3. In page2.html, create a google form which takes someone’s **Name**, **Age**, **Total Monthly Salary**
4. Display **Total Yearly Bonus Amount**, mentioning the Name after pressing a button in the form.

Total Monthly Bonus Amount Calculation Rules:

If Age > 25 and Yearly Salary >= 100000 then, Monthly Bonus is 20% of total Monthly Salary

If Age > 30 and Yearly Salary >= 200000 then, Monthly Bonus is 30% of total Monthly Salary

If Age > 35 and Yearly Salary >= 300000 then, Monthly Bonus is 40% of total Monthly Salary

Otherwise, Monthly Bonus is 10% of total Monthly Salary
